Summer Youth Program – We have been working to put together a fun filled, learning summer activity calendar for families and youth in our community. If you would like to see what we have planned take a look at our online Summer Program Catalog.

www.heyzine.com/flip-book/2cdc5f9f37.html

Please note that some of our programs are already full:

Farm Day (July) / Theatre Trip /
Trampoline Launch Pad Trip

We are excited to have Kiley Sinke returning as staff for our summer program, along with Preston Williams and Abigaile Sinke. The girls are looking forward to the kids joining them this summer.

This week we are introducing you to Preston Williams - *Hi, my name is Preston, and I'm 17 years old. I'm graduating from Breton High School this June and looking forward to the next exciting chapter in my life. I really enjoy working with kids, and I'm currently enrolled in an Early Childhood Education course. In the fall, I plan to start teaching preschool, and I'm excited to begin my journey in early education. I am looking forward to having an awesome summer filled with fun activities at Breton FCSS Summer Youth Program!*

Activities will be held on Tuesday, Wednesday and Thursdays. Each week in July and August. Activities will include crafts, cooking, waterslide daze, games, movies, swimming and bowling trips. Registration is now open and programs are starting to fill up. Space is limited in some of the activities. There is an online registration form with e-transfer available to you or you can come into our office and complete a paper registration.

Thank you to the following for their generous donations to our program: Breton ELKS, Breton Agriculture Society, County of Wetaskiwin FCSS, Lindale Truck Service, WC Trucking, Canline Pipeline Solutions, Insulation Snakes, Gazelles Group of Companies

Save the Dates for these Community Events:

July & August – Youth Summer Programs - Activities will be held on Tuesday, Wednesday and Thursday throughout the summer. Calendar is available in our office, the Breton Library and on our social media Facebook page.

Community Information Night – Celebrate Breton & Chili Cook Off / Dessert Bake Off – Tuesday September 16, 2025. – This will be a time for community members to plan their fall activities, volunteer commitments and know of all the services available in and around our community, along with learning about the great businesses we have in our area. Breton FCSS will be coordinating this evening. We are adding to this year's event and inviting any groups / businesses that would like to be a part of a Chili Cook Off and or a Dessert Bake Off. The Cook Off will be organized by the Breton Agricultural Society. Save the date and plan to join us that evening. Anyone attending the evening will sample and judge the Chili and Dessert entries.

This evening is designed to do the following:

1. To give your agency / organization the opportunity to let the community know who you are and what services/and or purpose you give to the community and surrounding area.
2. If you hold a registration night for your group this could be done at the same time.

4. Promote your business or services that you provide to the area. Use it for staff recruitment, letting the community know services that you offer

A BLAST FROM THE PAST

Dateline... June 1955 Breton, AB

"District School Holds Graduation"

The month of June is filled with excitement as grade 12 students look forward to their High School Graduation, and moving to the next phase of their lives. This year on June 26, seventeen students will graduate grade 12 from Breton High School. As the day draws near that special outfit has been purchased, hair appointments made and portrait photos taken to preserve the memory. Just remember that in forty or fifty years when your grandchildren look at your grad photos, your outfit and hair style will either be back in style or... "Grandma you wore that". But I digress.

The Breton Museum decided to look back through our archives to get a glimpse of a past graduation. The earliest items we have in the museum collection are programs from the 1951, -53 classes, however there may have been some earlier classes. In 1955, a portion of the Breton Elementary School was the High School of the day and only three years old. Both grade 12 and grade 9 students were included in the ceremony, with eight students graduating grade 12, and eleven students from grade 9.

It is interesting that the Edmonton Journal newspaper covered the story in their June 11th paper. **Breton- "The Breton High School auditorium... (read basement of school) ... was the scene of a banquet in honor of the graduating class of 1955 recently."** The article does go into detail about the event. After a banquet for parents and invited guests, the commencement ceremonies took place in the auditorium. From reading the news article it is interesting to note that some of the traditions have remained the same, while others have gone by the way side. Seventy years later blue and gold still remain

the school colors. There still is a Valedictorian speech and a guest speaker, providing an inspirational message to the graduates as they move to the next stage of their life. The article closes... **"With the presentation of graduation scrolls and a recessional to Offenbach's "Bacarolle," the activities of the evening passed on to the graduation ball at Nelson Hall."**

STRONG SUPPORT FOR SCHOOL LIBRARY POLICY

Alberta News, June 20, 2025

Survey results show strong public support for action to ensure children do not have access to age-inappropriate materials in Alberta school libraries.

Following the discovery of multiple books with explicit sexual content in some school libraries across the province, Alberta's government conducted a public engagement survey to collect feedback on the creation of consistent standards to ensure the age-appropriateness of materials available to students in school libraries.

From May 26 to June 6, Albertans were invited to share their views on age-appropriate materials in school libraries through an online survey. Almost 80,000 individual respondents completed the survey, showing significant and widespread public interest in the issue.

Alberta's government will be using this input, along with ongoing feedback collected from education partners, to develop provincewide standards. These standards will provide school boards with clear and consistent guidelines for selecting and managing age-appropriate materials in school libraries across the province.

"Parents, educators and Albertans in general want action to ensure children don't have access to age-inappropriate materials in school libraries. We will use this valuable input to guide the creation of a provincewide standard to ensure the policy reflects the priorities and values of Albertans." Demetrios Nicolaides, Minister of Education and Childcare

Key survey findings

- When asked "At what age should children be able to access materials with sexually explicit content in school libraries," parents said:
 - never (have access): 42 per cent
 - elementary school (age 12 and under): four per cent
 - middle school (age 12 and up): 18 per cent
 - high school (age 15 and up): 22 per cent
 - all ages (should have access): 14 per cent
- 62 per cent believe parents and guardians should have a role in reporting or challenging sexually explicit content in school libraries.
- When asked who should decide what materials are age appropriate in school libraries, the most popular responses were school librarians, teachers and parents.
- Parents of school-age children were most supportive (42 per cent) of children never being able to access

these materials in schools.

The online survey summary and data are available on Alberta.ca. It should be noted that this online survey was designed for public engagement and to be used as a temperature check to see what Albertans think is the best way forward on this issue.

Quick facts:

- In May 2025, the Alberta government also conducted a separate public opinion polling of 1,500 adult Albertans on sexually explicit materials in school libraries:
 - 51 per cent said such materials should not be permitted in any library accessible to children.
 - 94 per cent said these materials should not be available in elementary schools.
 - 75 per cent said it's important for parents to have a say in what materials are present in school libraries.
- Out of 196,901 entries, 118,574 duplicates and 932 blank entries were removed, resulting in a total of 77,395 responses. An additional 515 responses were received in the French language survey.
- Examples of books found in Alberta K-12 school libraries which have been identified as inappropriate include:
 - *Gender Queer*, graphic novel by Maia Kobabe
 - Found in K-9 schools and high schools in Calgary Board of Education as well as high schools in Edmonton Public School Board.
 - *Fun Home*, graphic novel by Alison Bechdel
 - Found in schools with students within the K-9 range as well as high schools in Edmonton Public School Board.
 - *Blankets*, graphic novel by Craig Thompson
 - Found in Schools with students within the K-9 range in Edmonton Public School Board, as well as high schools in Edmonton Public School Board and Calgary Board of Education.
 - *Flamer*, graphic novel by Mike Curato
 - Found in schools with students within the K-9 range in Calgary Board of Education and Edmonton Public School Board schools, as well as high schools in Edmonton Public School Board and Calgary Board of Education.

AIRLINE ANNOUNCEMENTS:

From the Internet

United Flight Attendant announced, *"People, people we're not picking out furniture here, find a seat and get in it!"*

On landing, the stewardess said, *"Please be sure to take all of your belongings. If you're going to leave anything, please make sure it's something we'd like to have."*

"There may be 50 ways to leave your lover, but there are only 4 ways out of this airplane"

An airline pilot wrote that on this particular flight he had hammered his ship into the runway really hard. The airline had a policy which required the first officer to stand at the door while the passengers exited, smile, and give them a *"Thanks for flying our airline"*. He said that, in light of his bad landing, he had a hard time looking the passengers in the eye, thinking that someone would have a smart comment. Finally, everyone had gotten off except for a little old lady walking with a cane.

She said, *"Sir, do you mind if I ask you a question?"*

"Why, no, Ma'am," said the pilot. *"What is it?"* The little old lady said, *"Did we land, or were we shot down?"*

As the plane landed and was coming to a stop at Ronald Reagan, a lone voice came over the loudspeaker: *"Whoa, big fella, WHOA!"*

After a particularly rough landing during thunderstorms in Memphis, a flight attendant on a Northwest flight announced, *"Please take care when opening the overhead compartments because sure as hell everything has shifted after a landing like that"*

Another flight attendant's comment on a less than perfect landing: *"We ask you to please remain seated as Captain Kangaroo bounces us to the terminal"*

Overheard on an American Airlines flight into Amarillo, Texas on a particularly windy and bumpy day: During the final approach, the Captain was really having to fight it. After an extremely hard landing, the Flight Attendant said, *"Ladies and Gentlemen, welcome to Amarillo Please remain in your seats with your seat belts fastened while the Captain taxis what's left of our airplane to the gate!"*

"Your seat cushions can be used for flotation; and, in the event of an emergency water landing, please paddle to shore and take them with our compliments."

'As you exit the plane, make sure to gather all of your belongings. Anything left behind will be distributed evenly among the flight attendants. Please do not leave

children or spouses... except for that gentleman over there.'

Heard on Southwest Airlines just after a very hard landing in Salt Lake City.

The flight attendant came on the intercom and said, *"That was quite a bump, and I know what y'all are thinking. I'm here to tell you it wasn't the airline's fault, it wasn't the pilot's fault, it wasn't the flight attendant's fault, it was the asphalt."*

After a real crusher of a landing in Phoenix, the attendant came on with, *"Ladies and Gentlemen, please remain in your seats until Capt. Crash and the Crew have brought the aircraft to a screeching halt against the gate. And, once the tire smoke has cleared and the warning bells are silenced, we'll open the door and you can pick your way through the wreckage to the terminal."*

Part of a flight attendant's arrival announcement: *"We'd like to thank you folks for flying with us today. And, the next time you get the insane urge to go blasting through the skies in a pressurized metal tube, we hope you'll think of USAirways.."*

Heard on a Southwest Airline flight - *"Ladies and gentlemen, if you wish to smoke, the smoking section on this airplane is on the wing and if you can light 'em, you can smoke 'em."*

A plane was taking off from Kennedy Airport. After it reached a comfortable cruising altitude, the captain made an announcement over the intercom; *"Ladies and gentlemen, this is your captain speaking. Welcome to Flight Number 293, nonstop from New York to Los Angeles. The weather ahead is good and, therefore, we should have a smooth and uneventful flight. Now sit back and relax.... OH, MY GOD!"*

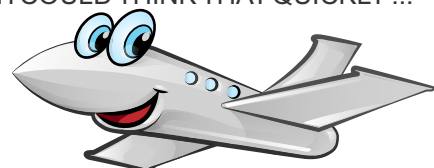

Silence followed, and after a few minutes, the captain came back on the intercom and said, *"Ladies and Gentlemen, I am so sorry if I scared you earlier. While I was talking to you, the flight attendant accidentally spilled a cup of hot coffee in my lap. You should see the front of my pants!"*

A passenger in coach yelled, *"That's nothing. You should see the back of mine!"*

A man boarded a plane with six kids. After they got settled in their seats a woman sitting across the aisle from him leaned over to him and asked, *"Are all of those kids yours?"*

He replied, *"No. I work for a condom company. These are customer complaints."*

I WISH I COULD THINK THAT QUICKLY !!!

PORT OF PRINCE RUPERT CORRIDOR UPDATE

Alberta News, June 13, 2025

Minister Devin Dreeshen issued the following statement on strengthening supply chains between Alberta and the Port of Prince Rupert.

"Last year, Alberta kickstarted a project with the Port of Prince Rupert and the Industrial Heartland Association to identify opportunities to ship more Alberta products through northern British Columbia to markets around the world.

"Together, we launched a study utilizing the Port of Prince Rupert. The Alberta Forum forms a common group for producers, shippers, businesses and communities to share ideas about leveraging and enhancing the economic corridor from Alberta through to Prince Rupert port, and ultimately improving export opportunities for Alberta businesses through the port.

"This week, I was pleased to tour the Port of Prince Rupert to meet with partners, see the work taking place under the Alberta Forum, and to view the ongoing Ridley Island expansion, which will be vital for boosting Alberta exports and strengthening our global competitiveness through improved supply chain logistics.

"With its ongoing expansion, the Port of Prince Rupert will become Canada's second largest port, and I'm proud of the work being done through the Alberta Forum to expand this vital economic corridor and increase Alberta's access to tidewater.

"The need for better interprovincial co-ordination, targeted investment in rail and road infrastructure, and regulatory certainty are key to unlocking economic growth. That is why the forum is focused on the highway and railway corridor between Alberta's Industrial Heartland and Prince Rupert.

"While the Alberta Forum is really about stakeholders working together to solve challenges, Alberta's government is also looking forward to recommendations coming out of the Alberta Forum that will be provided in a final report by the end of 2025."
